C. Description of Project Description must address each of the sections below.

Each section should be labeled as follows and attached behind this page:

**a. Mission or purpose of project**

Bisbee Vogue, Inc., would like to donate a monsoon landscape mural to be painted by artists Judy Perry on the first set of stairs from the base of the stair case to the entryway to City Park.

This whimsical take on the monsoon season will delight residents and visitors, while also promoting the city through photographs and “selfies” posted to the Internet on the various social media sites. Just how much in free advertising that would be is immeasurable.

There are already desert motifs that Judy Perry has painted on the walls of City Park. This would complement the work already done there and add some beauty to Brewery Avenue and those who use the park.

**b. Scope of project (type, construction, temporary, permanent, etc.) – no fountains or objects that use un-enclosed, non-recirculating water will be approved**

This is just paint which is not permanent and therefore does not interfere with any historic designation in Old Bisbee or City Park. It will only encompass the stairs and landings from the base of the staircase to the entry way into City Park. There are no plans to paint any other stairs.

**c. Primary designer(s) or applicant resume or background**
