Finance

The Finance Department provides fiscal oversight for the City, providing all the accounting, financial, and internal audit services for the City, along with overseeing the procurement and risk management functions. The department also provides utility billing services for the Sanitation and Wastewater Funds and plays a vital role working with the City Manager on the preparation and implementation of the Annual Budget.

A portion of the cost for this department is defrayed by transfers into the General Fund from the City's three Enterprise Funds; Wastewater, Sanitation, and Queen Mine. These transfers offset the costs of services such as billing, collection, payroll, accounts payable, auditing, and financial oversight.

The Finance Director also serves as the Fiscal Agent for the Bisbee Municipal Property Corporation, City Treasurer, and Risk Manager.

Last year as a part of their ongoing responsibilities the Finance Department received and accounted for over \$10 million in deposits for various funds, issued and collected approximately 43,000 sewer and garbage bills, and processed over 14,000 payroll and accounts payable checks.

The department has staff dedicated to monitor and collect delinquent sewer and garbage accounts, and continue to place liens on delinquent accounts. In addition, all accounts are cross-checked quarterly with the County's property records to verify accuracy.

Fire Department

The Fire Department, headed by the Fire Chief, reports to the City Manager and is responsible for fire suppression, investigation, prevention, and emergency medical services.

The department also provides inter-facility transfer of patients to hospitals in Sierra Vista, Tucson, and Phoenix. Additionally, this department plays a vital role in Incident Command for natural and man-made disasters.

After the great fire of 1908, the City decided that they should have a full-time fire department, and that tradition continues to this day. The costs of operating this department is supplemented by 911 transports as well as the inter-facility transfer service.

During the 2013 calendar year, the Fire Department responded to 2,175 calls an increase of 271 calls from the previous year. Most of these involved the following categories:

- Structure fires - 8
- Brush fires (including state land) - 10
- Other fires - 18
- Fire good intent - 50
- Vehicle fires - 7
- Emergency Medical Services (including good intent) - 988
- Inter-facility transfers - 385
- Motor Vehicle Accidents - 66
- Public Assists - 127

Fiscal Year 2014-15 Budget Highlights

The Fire Department budget includes increased employer contributions to the retirement system.

Once again the Fire Department is requesting grants from FEMA for a new fire truck at an estimated total cost of \$300,000. If awarded, the City's share would be \$15,000 which is included in this budget.

Cemetery

The Cemetery Division was taken over by the Public Works Department of the City many years ago. It is the final resting place of generations of Bisbee residents, including many community pioneers. The Public Works administrative staff processes the sale of burial plots and records information such as the name, date of death, age, and location of those laid to rest for the permanent record, so as to be available for future generations.

The Public Works Department maintains the Cemetery grounds and intern cremains at the cemetery. The Evergreen Cemetery Committee advises the Mayor and Council on the repairs and needs of the cemetery.

Swimming Pool

The Bisbee Municipal Swimming Pool is a long-standing feature of Bisbee recreation. The City of Bisbee was awarded a grant for \$47,500 from Arizona State Parks in 1967 to build the pool for the youth of Bisbee. Total project cost was \$95,000 and was completed in 1969. It included a large pool with a diving board, a baby pool, and a building for change rooms. Since then, a ramada with picnic tables was added, the original diving board was removed, and the change rooms have been restructured.

The city council recently entered into a service contract with L.E.A.P for the operation of the pool. The city will supply chemicals and other materials necessary for the water treatment of the pool. The pool will be staffed for nine weeks during the summer . The activities offered are open swimming, swimming lessons, and lap swimming for kids of all ages. Rental of the pool is available for private parties and is also used by the Boys and Girls Club as part of their summer programs.

Fiscal Year 2014-15 Budget Highlights

This budget includes funding only for the operation of the pool. All personnel costs are to paid by L.E.A.P.

Copper Queen Library

The Copper Queen Library, Arizona's oldest continuously-operating public library, is owned and operated by the City. It was established in 1882 and has served the residents of Bisbee from its current location at 6 Main Street in the Downtown Historic District since 1907. The mission of the Copper Queen Library is to provide Bisbee residents of all ages with opportunities to:

- 1) achieve self-directed, personal growth and development;
- 2) find, evaluate, and use information in a variety of formats;
- 3) better understand the various cultures represented in Bisbee.

To further its mission, the Library 1) acquires and organizes information in a variety of media, including books, newspapers, magazines, video and sound recordings, software, and the Internet; 2) helps train the public in library usage; 3) borrows and lends materials throughout Cochise County and the United States via the Interlibrary Loan system; 4) offers educational and informational programs free to the public; and 5) provides free meeting facilities for civic groups and other organizations.

The Library elevator makes its services, programs, and collections accessible to all and, additionally, both its Interlibrary Loan Service and its partnership with the Cochise County Library District enable the library to provide services to blind and physically handicapped residents.

The Library is staffed by a full-time Library Director, a full-time Library Coordinator and two part-time Library assistance/clerks. The library also received over 2,400 hours of assistance from volunteers last year, along with substantial additional financial and volunteer assistance from the Friends of the Copper Queen Library.

During FY12-13, staff provided 1,820 public service hours to 7,546 registered borrowers (out of a total population of 5,476), issued 249 new library cards, answered 4,676 reference questions, and produced 261 free library programs for adults and children that were attended by 3,400 library patrons.

Additionally, by using the Interlibrary Loan Service, staff obtained 2,801 items for Bisbee patrons from the collections of other libraries and provided 2,857 items to patrons of other libraries.

During FY12-13, patrons visited the Copper Queen Library a total of 41,894 times. They borrowed 45,741 items, used the public Internet computers 11,409 times, and searched the online catalog for books and other materials 34,500 times. In addition, they visited the Library's website a total of 32,906 times (not including hits to the library page on the City's website), for an average of more than 2,742 times per month.

A particularly illuminating statistic is that in FY12-13, the "Return on Taxpayer Funding" – the public sector's equivalent of "Return on Investment" (determined by using dollar values assigned by professional library associations and organizations to the services provided by the library in relation to its budget) – was 8.3:1. That is, for every one dollar allocated by the City to library operations, \$8.30 in public benefit was returned.

Fiscal Year 2014-15 Budget Highlights

Increased funding of \$17,000 for building maintenance is included in this budget.

Senior Center

The Bisbee Senior Center provides activities and programming for the City's senior population. The Senior Center recently completed a much anticipated addition to the Senior Center building which provides space for Southeastern Arizona Governments Organization (SEAGO) Area Agency on Aging. SEAGO funded the cost of construction in exchange for a long-term lease on the space at the Senior Center. This building is maintained and operated by Public Works.

Streets Fund

This fund pays for the operation and maintenance of City streets, rights of way and street lighting throughout the City. The main source of funding for the Streets Fund is the Highway User Revenue Fund (HURF). The Streets Division consists of two full-time permanent employees. The primary function of this department is maintenance of City streets, alleys, sidewalks, trees, stairs, other properties, and rights-of-way. Typical duties consist of patching and repairing streets, maintaining and repairing drainage channels, repainting traffic control markings such as cross walks, repairing, replacing, or installing traffic and pedestrian signage, and controlling vegetation, which may impede vehicular or pedestrian traffic, or the visibility of signs or markers. Other duties include the preparation for all events conducted in the City, not the least of which is the 4th of July, and the clean-up after the events.

There are 42 miles of local streets and 15,447 lineal feet of stairs in the City which are maintained by this fund. Since the City does not allow the use of herbicides, the vegetation must be cleared manually on both the roadside and the stairs. There are over a dozen major drainage ways in the City that must be cleared and cleaned after storm activity. The guardrails and handrails on both the stairs and the drainage ways must be maintained and the retaining walls in Bisbee that belong to the City must be preserved.

Fiscal Year 2014-15 Budget Highlights

There no new expenditures planned for this department. Due to limited funding, only street repair expenses are budgeted.

This budget also includes a sales tax contingency revenues of \$380,000 which will be available for transfer to improvement projects if the transaction privilege tax increase is approved.

Sanitation Fund

The Sanitation Fund is responsible for collecting all solid waste in the City and for collecting, processing, and selling recyclable materials. The Sanitation Division consists of a supervisor, two container truck drivers, a three-man crew that does the hand pick-up in Old Bisbee, and two recycling attendants in conjunction with supervised inmate labor.

Recycling facilities are located at the Cochise County Transfer Station. The community interest in recycling has increased significantly over the last few years. This increase has also provided larger than expected loads at the drop off locations. The recycling center experiences more requests from the business community than can be currently served. The City of Bisbee is the leader in Cochise County for recycling and will continue to find ways to streamline and increase the recycling effort.

Fiscal Year 2014-15 Budget Highlights

This budget reflects no rate increase for recycling services for the next year.

Funds are budgeted to replace equipment within the division using the vehicle replacement program implemented several years ago. We purchased a used garbage truck in FY2013-14.

Queen Mine Fund

The Mine Tour is an enterprise program for the City of Bisbee which means it operates with its own budget and funds generated from the tour to maintain, improve, and expand the tour as well as support the Visitors Center.

Funded by the sale of tour tickets and gift shop items, the Queen Mine Tour sees over 50,000 visitors a year from all 50 states and around the world. While the City owns the building once known as the Change House, Freeport-McMoRan leases the underground used for tours.

Recent Accomplishments of the Queen Mine Tour include:

- Safety upgrades included raising the ceiling height 2-4 ft along the escape way. This project required a large amount of blasting and removal of tons of rock. Installed a GOB fence in a section of escape way. Filled in an area with muck and extended the stair case. Freeport McMoran personnel have also recently completed additional safety upgrades.
- Installed bulkheads in raises that connected to the escape way. These bulkheads are located from 20 ft to 80 ft off the ground. This also required installation of two man-ways used to access the tops of the raises.
- Continue to upgrade safety improvements for tours including: fluorescent lights, displays, head frames, and working toward mine improvements required for the lease and MSHA standards.
- Facility improvement projects, restroom remodel, and landscaping. Our new plans call for remodeling Visitor Center's office.
- A continued, aggressive social media campaign on Facebook in English and Spanish has increased exposure to the tour and facilities.
- Created new position for train attendants, hired and trained individuals for continued safety standards.

Fiscal Year 2014-15 Budget Highlights

Ongoing efforts to improve safety will remain the top priority. These will include infrastructure repairs and the rebuilding of locomotives along with continued cleaning of the mine shafts, shoring up and replacing timbers. Expanded routine maintenance schedules will help alleviate any threats to tourists and tour guides.

Capital Improvements to the Mine include purchasing locomotives, mine car wheels, battery charger and rail switch and track replacement.

Capital Improvements Program Fund

The Capital Improvements Fund was established by City Council to receive funds from the sale of City assets, principally land owned by the City and determined to be surplus property. By ordinance, the proceeds from the sale of City assets are required to be placed in the Capital Improvements Fund. The Capital Improvements Fund is used to account for the financial resources to be used for the acquisition or construction of major capital facilities. Sources of funding may include transfers from the General Fund, Special Revenue Funds, Enterprise Funds, or grant funding, along with the use of reserves where appropriate.

Fiscal Year 2014-15 Budget Highlights

This budget reflects very few new programs to be constructed with existing funds. The Queen Mine is scheduled to continue its Capital Improvement Program at the Mine. This includes an interior renovation, for the Visitor Center , a locomotive, battery charger, mine car wheels; switch and track replacement along with some parking lot maintenance.

There is limited current funding available for capital improvement projects . The proposed infrastructure projects will only be implemented if the transaction privilege tax increase is approved.

This fund is not expected to grow significantly in future years , other than through tax revenues allocated for this purpose, unless significant surplus properties are sold from the City's inventory.
