Health Net

Health Net Mobile puts Health Net right in the palm of your hand! To find out more, visit us at [www.healthnet.com/mobile](http://www.healthnet.com/mobile).

## *Health Net Mobile features include:*

**My Plan** – Access your health plan details, including subscriber and plan IDs, effective dates, copay and deductible information, and your schedule of benefits.

**ProviderSearch** – Search for doctors, hospitals, urgent care facilities and other providers in the Health Net network by location, address or ZIP code. You can even access maps and directions for each provider and save your provider search details as a Favorite.

**My Provider** – For our members with an HMO or POS plan, get instant access to your primary care physician (PCP) information, as well as the PCP for any member of your family on the plan. Plus, you can save your PCP details as a Favorite.

**Contact** – Get instant access to Health Net by phone or instant chat, and find answers to common questions about Health Net Mobile.

**My ID Card** – View your mobile ID card, a list of your plan dependents, and their mobile ID cards too.
