

COPPER QUEEN LIBRARY'S LIBRARY OF THINGS

LIBRARIES AREN'T JUST FOR CHECKING OUT BOOKS ANYMORE!

WIFI HOTSPOT LENDING PROGRAM

The Copper Queen Library has established a Wi-Fi hotspot lending program to provide patrons in our community with high-speed internet access at home or on the road. Patrons will be able to take advantage of our Wi-Fi hotspot lending program with a Copper Queen Library card that is in good standing (i.e. library card is not blocked due to unpaid fines or lost material). A Hotspot Lending Policy must be reviewed and signed by the patron before a hotspot can be checked out. Checkouts are for three (3) weeks.

SPORTS EQUIPMENT

The Library also has pickleball rackets and balls available for checkout, thanks to a generous donation from Sloane and Danielle Bouchever. Patrons can check out a set of two racquets and six pickleballs that can be used at the pickleball courts located at Higgins Park in Old Bisbee. Also available for checkout are bocce ball sets which can be used on the courts in Upper Vista Park in Warren. Checkouts are for seven (7) days.

EVENT EQUIPMENT

The Library has event equipment available for Bisbee's nonprofit and civic organizations. This equipment includes event canopies, a digital projector, and a PA system with microphone and speaker. A policy must be reviewed and signed by a library card-holding member of the organization before equipment can be checked out.

SEEDS

The Copper Queen Seed Library allows patrons to "check out" vegetable, flower and herb seeds to plant in their home gardens. The goal of the seed library is to form and encourage a learning community centered around the saving and sharing of seeds in our unique desert climate. Patrons are encouraged to harvest and return seeds from their healthiest plants to ensure the sustainability of the project.
