For purposes of determining the "Total Valuation" for a project the following values shall be used:

- a. New residential structures shall be valued at \$73.00 (~~\$85.00~~) per square foot
- b. New accessory structures associated with residential occupancies, but not intended for residential use (garages, storage buildings, and similar types of uses) shall be valued at 36.50 (~~45.00~~) per square foot
- c. Remodels, additions, and alterations of existing residential structures shall be valued at the total cost of all such work, based on the contract documents, or the builder's estimates, if there is no contract amount
- d. New commercial structures and additions, alterations, and remodels of existing commercial structures shall be valued based on the contract documents for this work. If there are no current contract documents for such work, these valuations shall be based on the most current "Building Valuation Data" available, as provided by the
- e. If the applicant fails or is unable to provide a commercially reasonable Total Valuation amount for all labor, materials, and other costs associated with that project, for any project other than those with square foot values or flat rates established in this City Code, the Building Official may use the most current available "Building Valuation Data" provided by the International Code Council to determine a Total Valuation for the project.
- f. Total fees for the following Permits shall be charged at the following flat rates, rather than values:
 1. Electrical service upgrade or replacement (does not include Branch Circuit work): \$55.00 for residential and \$60.00 commercial.
 2. Electric or gas water heaters: \$25.00 residential and \$30.00 (~~35.00~~) commercial.
 3. Utility Clearance Inspection (Green Tag): \$25.00 (~~35.00~~) commercial.
 4. Manufactured Home Installation Permit: \$200.00
