WiFi HOTSPOT LENDING POLICY Overview

The Copper Queen Library has established a Wi-Fi hotspot lending program to provide patrons in our community with high-speed internet access. With this program, students can use the Internet for help with homework and projects, job seekers can search and apply for jobs, and patrons can have home access to the library's digital resources such as our databases, eBooks, eMagazines and eAudiobooks, as well as general access to the internet. Patrons will be able to take advantage of our Wi-Fi hotspot lending program with a Copper Queen Library card that is in good standing (i.e. library card is not blocked due to unpaid fines or lost material).

The Library is not responsible for any liability, damages or expense resulting from use or misuse of the device, connection of the device to other electronic devices, or data loss resulting from use of device. Any use of the device for illegal purposes, unauthorized copying of copyright-protected material in any format, or transmission of threatening, harassing, defamatory or obscene materials is strictly prohibited.

This program is made possible through a grant from the Arizona State Library.
