

THE CRITERION COLLECTION

Films available at the Copper Queen Library (2023)

The Criterion Collection is a continuing series of important classic and contemporary films on home video. Their editions often include restored film transfers along with commentary tracks and other kinds of supplemental features. Criterion works very closely with filmmakers and scholars to ensure that each film is presented as its maker would want it seen and published in an edition that will deepen the viewer's understanding and appreciation of the art of cinema.
