The staff would like to inform all applicants

1. That all applications on this DRB agenda will require a building permit or a sign permit.
2. That Design Review Board approval does not necessarily reflect the views and policies of the State Historic Preservation Office, which controls decisions impacting tax status of designated contributing historic properties. Please review SHPO's polices. If necessary, contact them directly before making any exterior changes to your property.

The intent of the Design Review process as applied within the Bisbee Historic District is to:

- A. Improve and encourage uses leading to the conservation and/or rehabilitation of buildings, structures, sites, objects and spaces within the Historic District, while allowing for a vibrant, creative and livable community.
- B. Encourage harmonious growth and orderly development.

- C. Assure that future setting, design and construction will correspond to and enhance the visual characteristics of the district.
- D. Prevent construction, alteration or remodeling from occurring in a manner that would be detrimental to the historical or visual characteristics of the district.

Zoning Code 2.6 Design Review Board; 2.6.2 Powers and Duties:

- A) The Design Review Board shall have the power in the Historic District Overlay Zone to review proposals for exterior construction, reconstruction, alterations or structural changes and to approve, conditionally approve, or disapprove an application.
- C) It shall be the responsibility of the applicant to prove to the Design Review Board or its designee, that the project in question conforms with the intent and purpose established in Ordinance and with the adopted design guidelines.

Approval should solely be based on the application submitted as a whole, and the information given to render a decision. Along with the Design Review Board Guidelines and the State of the Interior’s Standards for the Treatment of Historic Properties.

The Boards decisions should not be based on whether you are in good standing or not with the applicant.

The Design Review Board has no authority regarding Fire Access, Planning, Zoning, Sewer, Water, Parking, or Drainage.

The Board can encourage the applicant to use certain materials, but cannot deny the applicants’ application on the basis of their financial means.

The Board and City Staff cannot preserve Bisbee’s Historic Districts by themselves. They need help of every property and business owner in order to preserve Bisbee’s unique and historical character.

LET US ALL CONTINUE TO WORK TOGETHER.
